

DURAPRO[®]

AF0033

Parquetry & Plywood Adhesive

DURAPRO AF0033 is a high-solids latex based adhesive used for direct glue-down of 12"x12" finger strips parquet made of maple, oak or birch, on T&G floor grade plywood or cured concrete slab. DURAPRO AF0033 is also used for bonding underlayment plywood to subfloor.

Available in 3.78L (1 gallon) and 15L (4 gallons) pails.
